Define Problem Statements (Customer Problem Statement Template):

Create a problem statement to understand your customer's point of view. The Customer Problem Statement template helps you focus on what matters to create experiences people will love. A well-articulated customer problem statement allows you and your team to find the ideal solution for your customers' challenges. Throughout the process, you'll also be able to empathize with your customers, which helps you better understand how they perceive your product or service.

Example:

Problem Statement (PS)	I am (Customer)	I'm trying to	But	Because	Which makes me feel
PS-1	A busy working professional planning a 4-day vacation.	Create a customized, day-by-day travel plan tailored to my exact vibe (culture, cafes, and scenic sunsets).	I spend 10+ exhausting hours reading fragmented travel blogs, contradictory reviews, and scattered social media posts.	Existing travel platforms offer generic, one-size-fits-all packages that don't match my personal pace, budget, or style.	Overwhelmed, frustrated, and mentally drained before the trip even starts.
